Community Volume Generation Guide (Algorand Global x402 Challenge)

Growtrack ko hackathon me **Top Volume Leaderboard** par lane ke liye community members ye do main actions perform karein:

Action	x402 Cost	Volume Created	Benefit
Add Extra Wallet	\$1.00 USDC	\$1.00 per transaction	Consolidates EVM + Solana + BTC + ALGO into one view
Generate Full Report	\$3.00 USDC	\$3.00 per transaction	Complete institutional statement with unpriced audit
Live Fresh Snapshot	\$0.50 USDC	\$0.50 per transaction	Synchronous fresh indexer read across chains

Tip for Community: Agar 20 users sirf 2-3 reports generate karte hain aur 2-3 wallets add karte hain, toh **\$150 - \$250+** ka authentic MainNet volume generate ho jata hai!
